Public Utilities Commission  
Office of Secretary

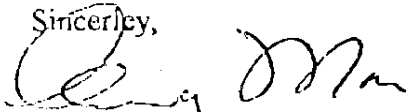

To Whom It May Concern:

This letter is coming from a Loan Consultant. My Line of work requires that I have a Cellular phone that allow my business associates to contact me at there convenience. I have been in this industry for eight years. It is important that my phone remain the same My Line of work sometime requires me to work for different companies. I have worked with 5 different companies and in each of my jobs I have aquired additional Clientel.

It is very important that my phone number remain the same in order for my business to operate successfully. I am very sure that other Loan Officer as well as Real Estate Sales people will be impacted if this act should go through

I am not in favor of having my phone number change as my business will be greatly impacted.

Sincerely,

Cindy Mora  
Loan Officer
